Earn 5 RN Contact Hours and 5.5 RD CPEUs

Payment Accepted Only via Credit or Debit Card. For a full refund, cancellations must be made online within one week prior to the program.

### Conference Overview:

This conference is dedicated to exploring the role of nursing care in optimizing outcomes in hospitalized patients by understanding the link among the factors of aging, nutritional status, functional ability, and the path to successful and sustained recovery.

#### Section 1: Building Knowledge

Learn about the factors that affect strength and function in your patients and the nurse’s evolving role in utilizing nutrition to promote positive outcomes.

#### Section 2: Improving Outcomes

Gain new strategies for patient identification and assessment through case scenarios that explore the connection between nutritional status and never events, risk prevention, and readmission reduction.

#### Section 3: Enhancing Practice

Discover ways to apply knowledge within your practice by augmenting protocols, bundles, and standing orders with a nutritional component for more comprehensive patient care.
